# M.Sc.Gustavo Kenji Kamakura

+55 19 996403100
Americana-SP, Brasil
gustavo.kamakura@gmail.com

## Education

**Master of Science in Geotechnical Engineering** **Feb 2023 – Mar 2025**
*University of São Paulo (EESC - USP)*
Main courses: Advanced Soil Mechanics, Geosynthetics in Geotechnical Engineering, Experimental Geotechnics, Numerical Methods in Geotechnics

**Bachelor of Civil Engineering** **Feb 2017 – Dec 2022**
*University of São Paulo (EESC - USP)*
Main courses: Soil Mechanics, Structural Analysis, Reinforced Concrete, Foundation Engineering, Fluid Mechanics, Hydraulics

**Technical Degree in Information Technology** **Feb 2014 – Jul 2016**
*ETEC - Escolas Técnicas Estadual de São Paulo*
Main courses: Web Development, Object-Oriented Programming, Database Management Systems, Algorithms & Data Structures, Software Engineering.

## Work Experience

**Civil & Geotechnical Engineer** **Jan 2022 – Present**
*OBER S/A* *Piracicaba, SP – Brazil*

- Conduct technical application engineering and product development focusing on geosynthetics and geocomposites for civil and environmental engineering projects.
- Participate as a technical speaker and instructor in national geotechnical seminars and geomembrane installation training courses.
- Collaborate on quality assurance, field testing, and performance analysis of cimentitious geocomposites in geotechnical structures.

**Construction site design planning using 4D BIM modeling** **Mar 2021 – Dec 2021**
*Habiarte Construtora e Incorporadora* *Ribeirão Preto, SP – Brazil*

- Applied Building Information Modeling (BIM 4D/5D) workflows to integrate 3D geometric models with construction schedules and cost databases for accurate project planning.
- Automated cost estimation and quantity takeoff procedures to streamline budget modeling and optimize baseline schedules for upcoming developments.

## Project

**Assessing and Predicting Geogrid Reduction Factors after Damage Induced by Dropping Recycled Aggregates** **Jun 2023**
*FLEURY, M. P.; KAMAKURA, G. K.; PITOMBO, C. S.; CUNHA, A. L. B. N.; FERREIRA, F. B.; LINS DA SILVA, J. — Sustainability, v. 15, p. 9942*

**Prediction of non-woven geotextiles' reduction factors for damage caused by the drop of backfill materials** **Oct 2023**
*FLEURY, M. P.; KAMAKURA, G. K.; PITOMBO, C. S.; CUNHA, A. L. B. N.; LINS DA SILVA, J. — Geotextiles and Geomembranes, v. 51, p. 120-130*

**Radial and axial analyze of the dewatering performance in geotextile tubes by bench-scale dewatering test** **Sep 2023**
*KAMAKURA, G. K.; APARICIO-ARDILA, M. A.; VALENTIN, C. A.; SILVA, J. L. — Book / Proceedings, 1st ed., 7p.*

## Skills

| | |
|---|---|
| **Programming** | Python, VBA, Java LaTeX, MarkDown |
| **Communication** | Portuguese (native), English (business), Spanish (beginner) |
| **Other** | Microsoft Office, AUTOCAD, REVIT |
